

# POTENTIAL ACTIONS

The City is considering a wide range of potential actions which include different programs and projects that will improve water quality in Lyon Creek. We need your input to decide what actions to take. Potential actions include:

ACTION TYPE AND DESCRIPTION	HOW MIGHT THE CITY TAKE THIS ACTION?	COST	BENEFIT
 <p><b>Stormwater treatment facilities</b> Treatment facilities capture polluted stormwater and filter it before it enters the stream.</p>	<p>Build new stormwater treatment facilities</p> <hr/> <p>Retrofit existing facilities</p>	<p>\$\$\$</p> <hr/> <p>\$\$</p>	<p>High</p> <hr/> <p>High</p>
 <p><b>Habitat enhancement opportunities</b> Healthy habitats and wetlands with enhanced biodiversity can improve the quality of water bodies.</p>	<p>Enhance areas around streams to prevent untreated runoff from entering the stream</p>	<p>\$\$</p>	<p>Medium</p>
 <p><b>Land conservation</b> Forests and wetlands are natural areas that can filter and absorb stormwater, improving water quality and reducing flooding.</p>	<p>Purchase natural areas and conserve them</p> <hr/> <p>Amend the municipal code to restrict development of these areas</p>	<p>\$\$\$</p> <hr/> <p>\$</p>	<p>High</p> <hr/> <p>Medium</p>
 <p><b>Debris removal programs</b> Street sweeping and trash pick-up programs help keep surfaces clean of pollutants and debris that can be carried away by stormwater and drain to the stream.</p>	<p>Perform this programmatic work more often</p> <hr/> <p>Purchase equipment and tools that increase efficiency of this work</p>	<p>\$\$</p> <hr/> <p>\$\$</p>	<p>Medium</p> <hr/> <p>Medium</p>
 <p><b>Public education programs</b> These programs include educating the public on litter prevention, proper disposal of trash and recyclables, disposing of pet waste, proper use of lawn chemicals, precautions for washing cars, precautions in changing motor oil, and proper disposal of household hazardous chemicals.</p>	<p>Invest in more public education and outreach events and campaigns</p>	<p>\$</p>	<p>Low</p>
