

MULTIMODAL

There are **867 miles of bike lanes, paved paths, and shared roadways (bike routes)** throughout the region.

399 of those miles are considered "high comfort facilities" which are appropriate for all ages and abilities.

(Source: Regional Bicycle and Pedestrian Plan)

Hybrid and electric vehicles account for about **5%** of total vehicle registrations in our region.

regional bike share trips taken:
250,000
since 2016

Resulting in an emissions reduction of over **5 million** pounds of CO2.

Hybrid registrations have **more than doubled** since 2017.

WE'RE GOING PLACES. LET'S GO TOGETHER.

LET'S GO **2050**
